骨骼保护神

加力牌 壮骨胶原蛋白

加拿大卫生部认证号: NPN 80025666

防止关节问题, 延缓骨质疏松
加强血液循环, 镇痛效果明显
抗氧化抗衰老, 促进软骨再生

工艺顶尖, 质量最佳, 服用安全, 无副作用
活性极高, 快速有效, 价格合理, 性价比最高

加力牌壮骨胶原蛋白适应范围:

风湿性关节炎、类风湿性关节炎、老年性骨关节炎、骨质疏松、骨质增生、骨刺、骨关节扭伤、软骨损伤、椎间盘突出、脊椎炎、韧带炎、肩周炎(五十肩)等。

骨质疏松和关节炎是老年人的普遍健康问题, 都与骨基质中胶原蛋白的流失有关, 它严重影响老年人的身心健康。人体成分中有 16% 左右是蛋白质, 而胶原蛋白占体内蛋白质总量的 30~40%, 主要存在于皮肤肌肉、骨骼、牙齿、内脏(如胃、肠、心肺、血管与食道)与眼睛等处。胶原蛋白由纤维细胞合成, 主要有四种形态存在于不同的组织中。骨骼、软骨组织、关节液中的胶原蛋白为 II 型胶原蛋白, 也叫“骨胶原”和“骨骼胶原”。骨胶原约占骨骼中有机物的 70%-80%。人过中年后, 由于骨胶原及钙质的大量流失, 骨骼中的骨质含量逐渐减少, 造成骨质疏松, 导致患者容易发生骨折。另外, 人的关节软骨每天都承受着各种活动引起的机械力, 人到中年后肌肉功能逐渐减退, 容易导致关节损伤, 软骨破坏, 引起骨性关节炎。研究表明, 补充适量的骨胶原, 不仅可以延缓骨质疏松, 同时也能维持人体自身软骨组织的自动生成机制, 保护关节免于磨损和毁坏, 预防由各种原因引发的关节问题。

加力牌壮骨胶原蛋白采用科学配方, 把胶原蛋白(collagen)、氨基葡萄糖(Glucosamine)和 MSM (Methylsulfonylmethane, 二甲基砒)有机地结合在一起, 可以充分发挥这三种成分的协同功效和作用, 最大程度地补充人体所需要的骨胶原。加力牌壮骨胶原蛋白选用的深海鱼类胶原蛋白, 富含 II 型胶原蛋白, 即骨胶原。MSM 的特殊功效, 可提高人体对 II 型胶原蛋白和氨基葡萄糖的吸收率。同时, 在 II 型胶原蛋白诱导和正反馈作用下, MSM 与氨基葡萄糖作为胶原蛋白合成的前体物质, 能迅速参与人体代谢, 及时为人体骨胶原的合成提供充足的硫基和多糖蛋白。骨骼、软骨组织、关节液中所需要的骨胶原的不断补充和获得, 可以减少钙质流失, 提高骨密度, 延缓骨质疏松; 也能修复和强化软骨组织, 补充关节囊中的透明质酸, 增强关节活动能力。另外, MSM 具有扩张血管, 软化组织, 加强血液循环, 提高骨关节酸痛部位的血液供应等能力。可迅速消除各因风湿性关节炎、类风湿性关节炎、老年性骨关节炎引起的疼痛, 而且没有药用镇痛剂的副作用。加力牌壮骨胶原蛋白具有普通胶原蛋白无可比拟的特殊功效, 在同类的骨关节保健产品中, 效果更胜一筹。

加力牌壮骨胶原蛋白主要功效:

- **延缓骨质疏松:** 补充骨胶原, 减少钙质流失, 提高骨密度, 延缓骨质疏松。
- **防止关节问题:** 抑制软骨组织降解酶的产生, 阻断关节病变。修复关节保护膜, 改善关节灵活性。
- **促进软骨再生:** 增加多糖和硫基的有效活性, 促进骨胶原的合成, 修复和强化软骨, 增强关节活动能力。
- **镇痛效果明显:** 扩张血管, 软化组织, 加强血液循环, 提高骨关节酸痛部位的血液供应, 消炎镇痛快速有效, 无药用镇痛剂的副作用。
- **抗氧化抗衰老:** 可防止氧自由基的产生, 有效延缓关节的衰老。

规格: 每瓶 90 粒装。

成份: 每粒含 500 毫克硫酸氨基葡萄糖, 500 毫克二甲基砒 (MSM), 50 毫克胶原蛋白。

用法用量: 每日 3 次, 每次 1 粒, 进餐时服用, 或遵医嘱。

注意事项:

1. 不含盐酸和钠盐杂质, 有心血管问题和肾功能低下者**可放心使用**。
2. 孕妇和哺乳期妇女禁用。 ** 以上信息仅供参考, 并不能代替医务专业人士的诊断与治疗。

Jerry OsteoCollagen

Jerry OsteoCollagen has health benefits for arthritis, osteoporosis, hyperosteogeny, osteophytosis, joint sprain, cartilage injury, intervertebral disc, shoulder bursitis, ligamentitis, scapulohumeral peri-arthritis, etc.

This product is licensed natural health product by Health Canada. **The NPN is 80025666.**

Osteoporosis and arthritis are common health problems resulting partially from loss of collagen, which threaten the health of many people, especially seniors. Of the human body, about 16% is protein. Collagen is the main protein of connective tissue. With its great tensile strength, collagen is the main component of cartilage, ligaments, tendons, bone and teeth. Collagen is a fibrous structural protein, responsible for bone and skin strength and elasticity. Of the 28 types of collagen described in literature until now, type II collagen, which is also called *osteocollagen*, makes up 70–80% of the bone organics. With the aging of the human body, more and more calcium may be lost, and collagen may degrade, which leads to increased bone fragility and risk of fracture. To this problem, **Jerry OsteoCollagen** may be an ideal solution.

 **Jerry OsteoCollagen** is the latest health product, which scientifically integrates collagen, glucosamine and methylsulfonylmethane (MSM) in such a way that health effects of the three ingredients are observed and synergy can be best achieved. **Jerry OsteoCollagen** is derived from deep-ocean fish collagen, and it has higher percentage of Type II collagen than those derived from other sources. MSM in **Jerry OsteoCollagen** can enhance absorption of Type II collagen and glucosamine. Moreover, with the help of Type II collagen, MSM and glucosamine can be quickly involved in metabolism and provide adequate amounts of sulf-agents and polysaccharide-proteins that are needed in the production of osteocollagen. Besides, MSM has the function of expanding blood vessels, improving blood circulation, intenerating tissues, and providing more blood to painful joints to alleviate pains and relieve inflammation associated with arthritis.

Principle Effects

1. Fight osteoporosis: Supplement osteocollagen, reduce loss of calcium, and increase bone density.
2. Manage arthritis: Suppress degradation enzyme production in cartilage tissues, and suppress arthritis pathogenesis.
3. Promote regeneration of cartilage: Increase activities of sulf-agents and polysaccharide-proteins, help generate osteocollagen, repair and strengthen cartilage, and increase joint mobility.
4. Relieve pains: Expand blood vessels, improve blood circulation, intenerate tissues, and provide more blood to painful joints to alleviate pains and relieve inflammation.
5. Reduce tear and wear of joints: Prevent generation of oxygen free radicals.

Content: 90 capsules per bottle

Ingredients: 500 mg glucosamine sulfate, 500 mg MSM, 50 mg collagen per capsule

Suggested use: Take 1 capsule each time, 3 times daily, or per doctor's instruction.

Caution: DO NOT USE DURING PREGNANCY AND BREAST-FEEDING.
